KD
9502

Sir:

This Amendment is filed in connection with the above-identified patent application.

Please enter the claims below in the appropriate fashion.

IN THE CLAIMS:

Please insert the following clean version claims:

- 3 1
1. (Amended) A method of inhibiting an unwanted angiogenic condition in a mammal in need thereof comprising administering to the mammal an effective amount of an immunogen that causes an immune response against a molecule that induces angiogenesis in the mammal.
